The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations,
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Antelope Valley Regional Water Resilience Project in fiscal year 2024. The entity to receive funding for this project is the Los Angeles County Public Works, located at 900 S. Fremont, Alhambra, CA 91803. The funding would be used to improve water resilience in the Antelope Valley by improving the Region's groundwater supply infrastructure to mitigate shortages during drought years. This Project will include a site assessment study to determine the optimum number and locations for new wells and to develop recommendations for wellhead treatment systems to address emerging contaminants and meet the latest drinking water regulations throughout the District.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mike Garcia
Member of Congress
